tender loving care**

ABOUT TLC

TLC, located about 10 km south of Johannesburg, was founded in 1993 by Thea Jarvis who today still serves as the daily manager. The orphanage has always about 30 babies in its care.

Thea Jarvis has 20 children herself – 15 of these adopted. All these children have heart-rending antecedents – like most of the children coming to TLC. Several of Thea's adult children are actively taking part in TLC's management.

The orphanage is housed on a farm. There is a department for premature children, a section reserved for infants as well as a toddlers' section. All of this built together with the family's own home.

Moreover, they have housing for the volunteers working at TLC as well as an animal shed.

The farm is encircled by a wall to keep intruders out.

Every single contribution helps – we need you!

CARE

TLC is run in the belief that every child needs a home, and that a home is much more than food and shelter – it includes, of course, a family.

A home and a loving family bring order into small children's lives. It's essential, because a child is not born with knowledge of what is right and what is wrong.

There must be a home to develop a good moral to give the child some values and the family is bound together by these values.

TLC CANNOT DO WITHOUT VOLUNTEERS

The voluntary workforce at TLC is of great importance to the children, and it ensures the children getting the necessary love, care and attention.

There are typically between 16 and 20 volunteers at a time at TLC, and they come from all over the world.

WHO IS TLC DENMARK?
